Do you consent for this practice to view medical information that you've agreed to share at other NHS care services?	<input type="checkbox"/> Yes <input type="checkbox"/> No

(3) Information For New/Existing Patients

The NHS operate a zero tolerance policy with regard to violence and abuse and the practice has the right to remove violent patients from the list with immediate effect in order to safeguard practice staff, patients and other persons. Violence in this context includes actual or threatened physical violence or verbal abuse which leads to fear for a person's safety. In this situation we will notify the patient in writing of their removal from the list and record in the patient's medical records the fact of the removal and the circumstances leading to it.

A Did Not Attend (**DNA**) occurs when an appointment is not attended and the Patient has not contacted the Practice in advance to cancel it or where the cancellation is so late as to make it impossible to allocate that time to another Patient who needs treatment. Our Practice has a **3 DNA** policy, if this happens then you will be removed from the practice and will have to either re-register or find another suitable surgery.

I agree to the DNA and Zero Tolerance policy

Name:

Signature:

Date:

PLEASE NOTE

The surgery operates a zero-tolerance policy.
